# REPORT OF THE TRUSTEES OF THE CALIFORNIA STATE LIBRARY.

---

SACRAMENTO, CAL., June 30, 1902.

*To His Excellency* HENRY T. GAGE, *Governor of California:*

Herewith we hand you the report of Hon. J. L. Gillis, State Librarian, for the past two years, the same being fiscal years fifty-two and fifty-three. It gives a good idea of the work done in the Library for the period covered.

It has been the aim of the present management of the Library to make the institution as valuable as possible to all its patrons. To accomplish this result, a modern system of indexing was adopted, and it has been proceeded with as rapidly as possible. It is no small task to thus shelf-list and properly index more than one hundred and twenty thousand volumes. Those having the work in hand have been industrious and have made good progress. They are thus adding greatly to the value of the Library for reference purposes.

There being no active State historical society in California, we are endeavoring to do the work that would naturally belong to such an organization. Much has been accomplished in this direction in the last four years. Volumes of early newspaper publications have been secured, and these are being indexed so that their contents can be easily traced by persons making use of them. This is really a great and important work and has been found to be highly appreciated by those having occasion to refer to it. Then, too, there is a continual search for books, pamphlets, etc., treating of both early and later events of California history. This is destined to become a very interesting and valuable section of the State Library.

With many people there is a mistaken idea as to the character of the books being secured and classified. In our purchases, only standard works of permanent value are taken. This will be seen by an inspection of the bulletins issued quarterly. The money of the people is not spent for current fiction, but for books of merit, treating on the great industrial and scientific questions of our time. It is our aim to keep the several departments of the Library up to date in all respects.

Your attention is especially called to the report of the State Librarian. It is full and complete. The suggestion in regard to the need of room

Your attention is especially called to the report of the State Librarian. It is full and complete. The suggestion in regard to the need of room

should not be ignored. As stated by the Librarian, there is but one State library in the United States that is larger than ours, and we should have room for steady growth.

Respectfully submitted.

## REPORT OF THE LIBRARIAN.

*To the Honorable Board of Trustees of the California State Library:*

GENTLEMEN: I have the honor of submitting my report for the fifty-second and fifty-third fiscal years, which covers the transactions of the State Library for the period mentioned, ending June 30, 1902.

In this report you will find a brief statement of the condition of each department, with an explanation of the work done in accordance with your recommendations and sanction.

### FINANCES.

The finances of the Library are in a most satisfactory condition. At the last session of the Legislature, the law providing for the maintenance of the State Library was changed. Prior to that time, all the fees received by the Secretary of State for filing of articles of incorporation, etc., were turned over to the Library and constituted the Library Fund. This law was changed, as above stated. The fees of the office of Secretary of State being greatly increased, a fixed sum of \$2,500 per month was set aside for the support of the Library. This amount has proved ample for the purpose, paying all current expenses, including printing and binding for the Library, for which a separate appropriation has heretofore been made, as well as providing a small surplus for emergencies. The following statement shows the condition of the fund at the present time:

Balance on hand July 1, 1900.....	\$11,488 65
Amount received during fifty-second and fifty-third fiscal years.....	65,334 95
Total.....	\$76,823 60
Expenditures during fifty-second and fifty-third fiscal years....	50,668 67
Balance, June 30, 1902.....	\$26,154 93
Increase in fund .....	\$14,666 28

A statement in detail is included in this report, showing all the items of the above expenditures.

### BOOKS.

On June 30, 1900, the State Library contained 113,651 volumes. On June 30, 1902, our closing number was 120,200, an increase of 6,549 volumes, divided as follows:

By purchase.....	3,746 vols.
By subscription .....	810
By exchange .....	867
By donation .....	1,126
Total.....	6,549

## PRINTING AND BINDING.

The Legislature of 1899 made an appropriation for printing and binding for the State Library of \$5,550 for the fifty-first and fifty-second fiscal years, and the Legislature of 1901 added \$500 to complete the work, making a total of \$6,050.

When the law was changed relative to the Library Fund, making a fixed income of \$2,500 per month, it was decided not to ask for an appropriation for printing and binding, and the expense has since been paid out of the Library Fund.

## SHELF-LIST.

The shelf-list, now in course of preparation, is being completed as fast as possible, and a card index-case, to hold 75,000 cards, has been ordered. The list, as far as finished, will then be placed ready for use. It will show at a glance the books in every class in the Library, with class number, title, and accession number.

A new Hammond typewriter was purchased for use in this work.

## NEWSPAPER DEPARTMENT.

Since my last report, this department has been increased by 265 volumes, making a total of 2,000 volumes of daily and weekly California newspapers.

The work of indexing a file of California newspapers, beginning with the "Californian," published in Monterey, August 15, 1846, has been completed up to 1873. It is the intention to increase the force now engaged in this work, for the purpose of indexing a current daily paper and assisting in bringing the back work up to date.

The results obtained from this index have been so satisfactory that there can be no question about the necessity of completing it as early as circumstances will permit.

## LIBRARY BULLETIN.

The Quarterly Bulletin, issued by the State Library, has proved to be a valuable source of information to those interested in the Library, as well as a great convenience to those directly connected with it. A complete file from September, 1899, to date, will show all the books acquired in that time by purchase and donation.

## DONATIONS.

I have to report that Mr. G. K. Fitch, of San Francisco, donated to the State Library two bound volumes of the Sacramento "Transcript," covering the period from April, 1850, to March 29, 1851, and that proper acknowledgment thereof has been made.

## IMPROVEMENTS.

On the second floor a new carpet has been laid and five new stacks placed in position, giving about 300 feet additional shelf room.

The Magazine gallery has been extended to take in the west wall. The top eight shelves are now accessible, and the shelf room has been increased about 130 feet.

A new carpet has been laid in the Political room. The dome above the main floor has been cleaned and regilded, and the steam-heating pipes under the Library were covered with asbestos.

## CLEANING.

The Library was closed for two weeks in August of 1902 for the purpose of having it thoroughly cleaned. Carpets were taken up, books moved and shelves dusted, chandeliers cleaned, etc. Repairs, where necessary, were made during this time.

In concluding this brief report, I believe it my duty to call the attention of your Honorable Board to the crowded condition of the Library, and suggest that some action be taken looking to a plan that will provide more room. I can not recommend any particular arrangement at the present time, but in view of the limited space that we have before us, it can be readily seen that in a year at the outside every foot of available shelf room will be occupied, with no apparent opportunity for expansion. With the exception of the Reference room and Law Department, the Library is practically full, but by constantly changing and re-arranging the books we can probably go along for another year with what space we have at our command. We receive annually, from all sources, an average of 3,500 volumes; but if opportunity occurred to purchase a number of books, for instance a private library which for some cause might be placed on the market, we would have absolutely no space to receive them. Next to New York, the California State Library is the largest State Library in the United States, and with the law permitting and room for the proper conduct of the business of the Library, it could be made as broad and far reaching in its usefulness as that of New York.

Respectfully submitted.

J. L. GILLIS,  
State Librarian.

I, J. L. Gillis, Secretary of the Board of Trustees of the California State Library, do solemnly swear that the foregoing is a true and correct statement of expenditures of the State Library for the fifty-second and fifty-third fiscal years, July 1, 1900, to July 1, 1902.

J. L. GILLIS.

Subscribed and sworn to before me, this 10th day of November, 1902.

[SEAL.]

FRANK J. O'BRIEN,  
Notary Public.
